PORK.

Fork chops, from city dressed loins, 5 lbs a pound for the end chops and 3 lbs a pound for the middle chops over a coat of the loins.
 Smoked hams (whole unwrapped), 5 lbs a pound over the cost price of the ham.
 Smoked bacon (unwrapped), sliced, 11 lbs a pound over the cost price of the whole ham.
 Smoked shoulder (whole unwrapped), 3 lbs a pound over the cost price of the whole shoulder.

Poultry to Be Covered Soon.

"Margins of profit have not been established on all the various cuts of beef, if only upon those that make up the bulk of the trade of the retail butcher to the ordinary customer," the board announced. "In the selection of the cuts, endeavor has been made to have as few cuts as possible which require extensive trimming."

"An illustration of the manner in which a butcher who purchases hinds and ribs may figure his selling prices as follows:

"If a butcher purchases both hinds and ribs and straight cattle, such hinds and ribs at a price of 29 cents a pound, the hinds and ribs will have been separated from cattle costing approximately 26 cents. The basic price for him to use in deciding his selling price could be 26 cents that the straight cut would cost; to this he should add the margin of profit as stated above.

"For butchers purchasing hind sides, legs of lamb, chucks, etc., the same method of procedure in determining their basic cost shall apply as in beef." Margins are to be established for veal, poultry and meat sundries in the near future.

Since the Federal Food Board began penalizing retailers for exceeding the board's margins of profits on sales of meat, consumers have noticed that steaks have not trimmed cuts of meat heretofore. Many customers have complained: "They used to trim the fat; now they trim the customer." He explanation of the presence of bone id fat on the meat that is ordered lies in the fact that the Federal Food board's schedules called for "untrimmed steaks" and the butchers say they are trying to please the board.

Retail grocers have complained that they have found unpatriotic people who, apparently, are hoarding sugar in their homes. Each grocer is limited as to the quantity of sugar he can obtain, and a allotment, the Food Board says, is efficient to take care of his regular customers.

that a single one of them will find its way into the market at present.

Women Asked Not to Buy.

A call to the women of America to decline to purchase any of the newly arrived German toys was issued yesterday by Miss Elizabeth Marbury, president of the Woman's National Committee of the American Defence Society. The appeal will be circulated through hundreds of branches of the organization.

"The only way to recompense in any degree the victims of German brutality for the horrors they have suffered, the only protest against barbarism that will avail anything for the human race, is for the women of America to refuse to buy goods made in Germany, whether so marked or not," said Miss Marbury.

CLUB MEMBERS RESCUE GIRLS.

Greenwich Village Workers Are Trapped on Fire Escape.

Members of the Moon Social Club were stringing flags in Washington street yesterday for a "block party" in honor of residents who are with the colors, when they saw smoke streaming from the fourth floor of the five story brick building at 430 West Fourteenth street, which extends along Washington street and includes 427 and 429 West Thirteenth street. The blazes gained headway rapidly and, before the firemen arrived, twenty workers employed by the Parisian's New Shirt Laundry, were driven to the street.

Screams drew attention to one of the fire escapes on the Washington street side and three hysterical girls, employed in the laundry, were seen clutching the railing. The young men of the Moon club commandeered an automobile, which they drove upon the sidewalk under the fire escape. Then, climbing on the top of the motor car, they caught the frightened young women as they jumped and lower them safely to the street.
