We all make mistakes and regret for what we did or didn't do. The fact is we can never go back in time to fix any thing. I'm sure some day we can rebuild the human body, or even restore the memory to a certain point of the life and pretend the damage never happened. It sounds like we can live a innocent life all over again. But will we repeat the same mistakes if we never know the consequences of the mistakes we've made before? 7cb1d79195
